

Specifications

Power	1.5 HP
Size	10" (25.4cm)
Belts	Std "V" Belt
Grinding Depth	1/32" per pass
Amps	11 A
RPMs	1,725
Cord Length	18ft (5.4m)
Wheel Diameter	8" (20.3 cm)
Weight	151 lbs. (68.4kg)
Warranty	1 Year Warranty

FEATURES

10" Working Width - grind up to 250 ft²/hr at a 1/32" depth

Variable Speed Control adjustable speed settings to achieve the desired finish.

Compact and Maneuverable Design - easy to maneuver, making it suitable for both small spaces and larger projects.

Quiet Operation ensuring a quieter working environment and reduced disruption.

Suitable for **use with 120V household circuits** and portable generators!

APPLICATIONS

Remove surfaces up to 250 ft²/hr, perfect for grinding imperfections, coatings, and leveling surfaces.

1.5HP POWERFUL MOTOR

Only draws 18 amps making it suitable for use with 120V household circuits.

FOLDABLE HANDLES

Easily transport this grinder in smaller vehicles and store it out of sight to save space!

OSHA COMPLIANT

Designed to fit most vacuums and garden hoses for wet-grinding to reduce airborne silica dust.

FAST TRACK YOUR FIXER UPPER

Transform concrete surfaces faster with Tomahawk 10" Electric Floor Grinders! For big projects and busy schedules, remove surfaces up to 250 ft²/hour – perfect for grinding away imperfections, coatings, and leveling surfaces - leaving behind a smooth, textured, or polished finish.
